Experience & Awards

- Senior Patrol Leader** 2016 - 2019
Bangladesh Sea Scouts
I sought to be self-reliant, which led me to join the Bangladesh Sea Scouts in middle school. As a patrol leader, I honed my leadership, resilience, and discipline, which have been invaluable in my academic and personal growth.
- Citizen Scientist** 2020 - Present
Zooniverse
I have been engaged with Zooniverse, the world's largest citizen Scientist forum. I have done 3000+ classifications across the field ranging from Astrophysics to Zoology.
- Co-founder** 2023
Project Nironjon
Project Nironjon a social development initiative focusing on solving public littering and teach people about climate change. It was my first time taking a role of a leader and organizing events. I learned a lot of things during our programs.
- Human Resource Executive** 2023- 2024
Project Cholosshikhi
Our team project CholoShikhi, focuses on quality education for the children of underprivileged communities, won the scale-up funding of 50,000 Taka offered by BYLC Ventures and the Kingdom of Netherlands.
- Gold Awardee** 2022-2024
The Duke of Edinburgh's Award
The Duke of Edinburgh's Award Gold Level is the highest level of the award, designed to challenge young people to develop their skills, physical fitness, and sense of adventure. To achieve the Gold Award, participants must complete five sections: Volunteering, Physical, Skills, Expedition, and Residential.
- Web Developer** 2022-2024
Freelance
I learned web development from YouTube and did some unconventional gig work for my friends and family. You can see my work in my GitHub public repositories. I have been doing freelance web development since 2022.
